

Komail KASSIMALY

Cybersecurity Engineering Student

komail.kassimaly@efrei.net - +33 6 46 91 21 27

[Komail KASSIMALY](#) – Driving Licence

Junior cybersecurity engineer with a solid foundation in SOC operations. After three hands-on experiences monitoring environments and responding to incidents, I've developed a pragmatic approach to security. I'm now looking for my first full-time challenge in the UK. Open to various paths, from continuing in SOC to exploring other technical fields.

PROFESSIONAL EXPERIENCES

SOC Analyst - Apprenticeship

Sept. 2025 – Present

ITrust, La Défense, Paris (France)

- Analysis and processing of security alerts (+200/day).
- Simultaneous monitoring of 5 clients.
- Writing of technical documents.
- Tools: SIEM : Reveelium/TheHive - EDR: Eset, TrendMicro, SentinelOne - CTI: AbuseIPDB, VirusTotal - Other: Grafana, Graylog.

SOC Analyst - Technical Internship (1 month)

Aug. – Sept. 2025

DMG Media, London (United Kingdom)

- Analysis and investigation of suspicious emails (spam/phishing).
- Processing of security alerts and participation in internal processes.
- Active cybersecurity monitoring and skill development on internal tools.
- Cross-functional collaboration with the IT department.

SOC Analyst - Technical Internship (5 months)

Nov. 2024 – Apr. 2025

ITrust, La Défense, Paris (France)

- Analysis and processing of security alerts (+100/day).
- Tools: EDR - SIEM.

EDUCATION

MSc in Computer Science (Specialising in Cybersecurity)

2021 – 2026

Efrei Paris (COMPUTER SCIENCE UNIVERSITY), Villejuif (France)

- Secure infrastructure project: Led a 5-person team - Network flow configuration (Pfsense).
- Pentest automation project : Audit report generation.
- Secure chat room project: Socket (Python) - SSL/TLS (OpenSSL).
- Modules studied: Network & OS Security - Information Systems Security - Pentest (Kali Linux) - Cloud Security - Programming (Python, C, Linux).

Semester Abroad

Sept. – Dec. 2023

ILAC, Toronto (Canada)

- Courses in Networks and Cryptography.

SOFT SKILLS & LANGUAGES

Perseverant - Conscientious - Detail-oriented - Adaptable

French (Native) - English: (Advanced: TOEIC 950/990) - Gujarati (Intermediate) - Hindi/Urdu (Intermediate) - Mandarin (Beginner)

INTERESTS

- Cybersecurity (TryHackMe, HTB Academy, Root Me)
- Generative and agentic AI
- Cinema
- Football
- Traveling (Europe, UAE, UK, USA, Qatar, Canada, Maghreb)

CERTIFICATIONS & ACHIEVEMENTS

- Certified Ethical Hacker – CEH (in progress)
- Cybersecurity Essentials by Cisco | Déc. 2023
